

## THE HEARST CONTEST.

Ballot Boxes Found in the North River.

NEW YORK, Nov. 9.—Attorney General Mayer stated tonight that he had received information of the recovery from the bed of the North River of certain ballot boxes used in the election of Tuesday last. He said the matter was under investigation.

NEW YORK, Nov. 9.—Aided by an array of legal talent, in which are lawyers of great prominence, not only as masters of their profession but also as leaders of more than one movement for good government in this city, W. R. Hearst has begun his fight in the courts for the mayorality which he believes he won in Tuesday's election, and his first step has created a situation without precedent.

Last night he obtained an order from Justice Gaynor of the supreme court directing the police to turn over all ballot boxes to the board of elections at once.

The police obeyed the order as fast as they could, but when they proceeded in the after midnight hours to the election boards office there was no one there to take charge of the boxes and the policemen were compelled for hours to remain in the street for hours guarding the deposited people's votes.

Later, John K. Voorhis, president of the board, declined to accept responsibility in the matter pending advice from the corporation counsel.

Mr. Voorhis is a Democrat and when his decision was made known the Hearst men turned to Charles H. Page, a Republican member of the board, but he also declined to act and then the police were left in the strange position of trying to carry out the court's orders but being unable to do so.

The street in the vicinity of the election board officers presented a strange sight as hundreds of policemen stood on guard around the patrol wagons and other vehicles, in which the boxes had been conveyed from the various precinct station houses.

Colonel Alexander S. Bacon, one of Mr. Hearst's lawyers, who played a prominent part in the doings of the night, made arrangements for the police to get breakfast in a nearby restaurant.

Before refusing to accept the official ballot boxes Mr. Voorhis consulted Police Commissioner McAdoo, and the boxes were kept in the police wagons in front of the office of the board of elections, pending a decision by the corporation counsel.

Mr. Voorhis said that the New York state supreme court had held in a recent decision that the board of elections is not the proper custodian of the boxes, but that the police are.

Among the attorneys aiding Hearst is William M. Ivins, the Republican elections.

Mr. Ivins volunteered his services to Mr. Hearst and the offer was accepted.

Another attorney acting for Hearst is Judge John F. Dillon, who was at one time judge of the supreme court of Iowa.

NEW YORK, No. 9.—Mayor Geo. B. McClellan announced today that to protect his interests in the proceedings brought by W. R. Hearst contesting the mayorality election he had retained legal counsel. He has employed the law firm of Parker, Sheehan and Hatch, of which Judge Alton B. Parker is the head, and the firm of Dwyer and Carey.

The first named firm is of Manhattan, and the second of Brooklyn.

The mayor said he did not expect to be directly involved in any legal action.

New lines of footwear are arriving daily at Ed. Burlington's Store. He has been considerably hampered by delay in freight but they are arriving daily. You will see the largest and best lines of shoes are carried in his store and prices are always the lowest. You can save money by purchasing footwear at his store.

## Notice.

Came to my enclosure, one milch cow branded circle P. Owner can have same by paying for this advertisement. S. P. DAVIS.

## Bicycle Stolen

A bicycle was stolen from the shooting range a few days ago. The machine is a Falcon and can be readily identified. Anyone bringing evidence of the machine will be rewarded. Call at this office.

C. G. Hill is in Reno on a business trip.

## DEFECTIVE LAW.

Defunct Goldfield Bank Show up the Flaw in Statute.

The Young-Boul bank embezzlement trials show an astounding and amazing method of financing that tended toward anything but honest methods. The trials lasted nearly two weeks and the jury in both instances took scarcely thirty minutes to decide upon their verdicts. In Young's case the jury brought in a verdict of guilty, and in Boul's case, owing to extenuating circumstances, the jury brought in a verdict of acquittal. When Young appeared for sentence on Saturday Judge Murphy granted a new trial. This was owing to his having been in error in his charge to the jury. It appears that Nevada has no statute governing banking institutions. The judge in delivering his charge, had advised the jury to bring in a verdict of guilty providing that they were satisfied that Young had received deposits after he knew that the bank was in a failing condition. Other States have made provisions governing cases of similar kind, but as Nevada has not, Judge Murphy considers he has made a great error and accordingly granted the defendant a new trial.—Goldfield Sun.

## Officials Make Rough House.

The Commissioners' meeting at Pioche was livened up last Monday by a clash between District Attorney Sanders and Clerk and Recorder Lee, who took exceptions to remarks made by the attorney in reference to the bond filed by Eugene Goodrich, the recently appointed treasurer. Lee made a break for Sanders, but Commissioner Baldwin saved the attorney. The bond had but one surety of \$40,000, and the attorney said the bond required double that amount, and objected. It was a hot time in the court house for a few minutes and it was thought that the whole crowd would get mixed up in a free-for-all fight. The Commissioners awarded the contract for experting the accounts of the county to W. H. Moore of Olympia, Wash., he is to finish the job in three months, for the sum of \$1,400.

## Oil Excitement.

An oil excitement is the ery latest thing. The scene of the reported discovery of oil land is at Ash Meadows, about forty miles south of Bullfrog. The first outfit to leave Bullfrog for the new oil field started Wednesday morning, and the stream of south-bound teams has been steady ever since. Every conceivable kind of conveyance has been pressed into service and all the liveries have been made horseless and carriageless.—Miner.

The Meyers Mercantile Company has just received a consignment of Macomber's new apple cider. It's

## "WASHINGTON SOCIETY GIRLS."

A Double Performance for Tuesday Night.

The public appreciates a change from the ordinary style of recreation and this accounts in a great measure for the prosperity of the "Washington Society Girls," who will be seen at the Carson opera house, November 14.

In the two burlesques will be two comedians who are really humorous, and there will be girls, lots of them—in the roles and also in the ensembles. For lavishness of production, scene and outcome features, it ranks amongst the finest of stage spectacles and is helped to success by the liberal incentive given the individual members of the company.

## May Forfeit Charter.

Talk of forfeiting the charter of Sparks is again in the air. Even since the city was incorporated and given a complete local government of its own there has been much complaint on account of the attending expense. During the last year property values have fallen sharply, the boom having died out, and the prospects for a high tax rate are menacing.

## Famous Resort Destroyed.

SAN LOUIS OBISPO, November, 10.—Hotel Ramona, the famous pleasure resort near this city which was named after the heroine of Helen Hunt Jackson's thrilling California story, and which is situated near the scene of the book, was burned at an early hour this morning.

The structure cost \$200,000 and was insured for but \$18,000. It was crowded with guests at the time, all of which escaped in safety. The hotel will be rebuilt at once.

## Expelled From Goldfield.

GOLDFIELD, November 10.—T. W. Woodridge, a Colorado mining man, who arrived here a few days ago, has been ordered to leave the city by former Colorado union miners.

Woodridge accepted the advice and left at once for Tonopah. He says he will return home as he does not wish to remain in Southern Nevada if he is not wanted.

Woodridge is said to have been a member of the Citizen's Alliance and to have taken an active part in the fight made on the miners' union at Cripple Creek.

## To Remove to Reno.

Robert Reigg and family will remove to Reno next week and take up their residence there. The removal is made necessary by the change in the postal run of Mr. Reigg. He will, however, retain his property interests in this city.

The Beatty Bullfrog Miner nominates Malcomb L. McDonald for either Governor or United States Senator from Nevada.

## BOARD OF PARDONS.

Meeting Postponed Until Monday, When Case Comes Up.

The special meeting of the State Board of Pardons, which was supposed to have been held in this city yesterday, was postponed until Monday, when the case of the four condemned men will come before the body. Governor Sparks did not arrive and this in a measure has set the meeting off until the date mentioned.

The fact of the matter is, there has not been a regular call issued for the meeting of the Board, as Attorney Roberts, the only attorney employed for the men, was not advised that there would be such a meeting and it is customary to give notice to the Board this one oversight might have left the men without a final chance. It is a special meeting in every sense of the word and should the Board decide to postpone the event until the final day it is their privilege.

The most interesting move in the case at present is the arrival of the two sisters of Gorman, who will make a personal plea for clemency. The ladies arrived yesterday and went to the prison, where they had an interview with the Warden. The ladies are here in the interest of a brother, and their duty is indeed a sad one. They can not believe that their brother is guilty of being implicated in such a crime and it is their hope and desire that the Board of Pardons will grant such time that they may establish the innocence of the brother who has been condemned to forfeit his life. Their visit to this city is a matter of life and death, and they are hoping for the best.

The other parties in this city who are interested in the case are doing all in their power to assist the ladies and also moving everything they can to help the cases of the four men. The postponement of the case will give the additional time in which to prepare their final plea and argument of the case.

There has been a general belief that Sever, the orator of the four, would address the Board in person. This is not the case. The Attorney General stated yesterday that he would be allowed no such privilege, as his case has been tried by able and true men and that the Supreme Court had placed the final decree in his and the other cases. The men will be represented by their attorney, and the private individuals who are making a fight to save the lives of the men who have been judged before three juries. The meeting of the Board of Pardons is not a public affair, but is confined solely to those interested in the case. Gorman's two sisters are directly interested parties will come before the Board with their plea and testimony.

## MASONIC ORE.

Owners Receive \$200 Per Ton for the Shipment.

Report was made yesterday by Manager Snyder of the Western Ore Purchasing Company with S. E. Eastwood of Eastwood & Welfie on the first shipment of ore from Masonic, the new district in Mono county.

The consignment weighed 12,430 pounds and after all charges were deducted a settlement was made for \$1137.57, or at a rate gross of \$196.94 per ton. This ore was extracted from lease No. 1 of claim No. 1 of the Pittsburg group. The lease will not expire for about a year, during which time Messrs. Eastwood and Welfie expect to ship an enormous amount of ore to this city, the average value of which will be \$200 per ton. The ore will be teamed from the mine to Carson City and from there shipped by rail.

Mr. Eastwood finds that this route is much preferable to teaming to Wabuska and he believes that all the supplies for that district will be taken in and all ore shipped out, via Carson City and Reno.

Messrs. Eastwood and Welfie have thirteen men employed at the present and in the entire district about 100 miners are employed. The number will hardly be increased until spring, when a great rush to the new diggings is expected.—Journal.

## Wreck Destroyed.

SAN FRANCISCO, November 10.—The steamer St. Paul, which was wrecked a month ago, caught fire this morning and was totally consumed.

There was a number of wreckers and visitors on board at the time but all escaped in safety.

Senator Fred Danaher came down from the valley yesterday in his automobile.

## Stoves, Ranges, Heaters

All Styles Sizes and Prices
